## IN THE CLAIMS:

Claims 1-7 (Cancelled).

8. (Currently Amended) A sea-water swimming pool, comprising:

a swimming pool structure floating on a sea; and

means for collecting and supplying deep-sea water to the swimming pool structure,  
wherein surface-sea water and aquatic animals are substantially excluded from said swimming  
pool structure.

9. (Currently Amended) The sea-water swimming pool of Claim 8, further comprising means  
for mooring said swimming pool structure at a fixed location.

10. (Currently Amended) The sea-water swimming pool of Claim 9, wherein said means for  
mooring includes an anchor.

11. (Currently Amended) The sea-water swimming pool of Claim 8, further comprising a  
propulsion device.

12. (Currently Amended) The sea-water swimming pool of Claim 9, further comprising a  
propulsion device.

*Serial No. 09/933,517**Art Unit 3671*

13. (Currently Amended) The sea-water swimming pool of Claim 12, wherein said propulsion device includes a propeller.

14. (Currently Amended) The sea-water swimming pool of Claim 8, further comprising a plurality of extensions protruding from said swimming pool structure and adapted to protect the swimming pool from attacks by sea creatures.

15. (Currently Amended) The sea-water swimming pool of Claim 12, further comprising a plurality of extensions protruding from said swimming pool structure and adapted to protect the swimming pool from attacks by sea creatures.

16. (Currently Amended) The sea-water swimming pool of Claim 8, further comprising means for draining said deep-sea water from the swimming pool structure.

17. (Currently Amended) The sea-water swimming pool of Claim 15, further comprising means for draining said deep-sea water from the swimming pool structure.

18. (Currently Amended) The sea-water swimming pool of Claim 8, further comprising a facility for enabling fishing from a side of said swimming pool structure.

19. (Currently Amended) The sea-water swimming pool of Claim 17, further comprising a facility for enabling fishing from a side of said swimming pool structure.

20. (Currently Amended) The sea-water swimming pool of Claim 8, further comprising means for generating and mixing air bubbles into the deep-sea water supplied to said swimming pool.
21. (Currently Amended) The sea-water swimming pool of Claim 19, further comprising means for generating and mixing air bubbles into the deep-sea water supplied to said swimming pool.
22. (Currently Amended) The sea-water swimming pool of Claim 8, further comprising means for solar power generation.
23. (Currently Amended) The sea-water swimming pool of Claim 21, further comprising means for solar power generation.
24. (Currently Amended) The sea-water swimming pool of Claim 8, further comprising means for wind power generation.
25. (Currently Amended) The sea-water swimming pool of Claim 23, further comprising means for wind power generation.
26. (Currently Amended) The sea-water swimming pool of Claim 8, further comprising a sea-water desalination plant.
27. (Currently Amended) The sea-water swimming pool of Claim 25, further comprising a sea-water desalination plant.

*Serial No. 09/933,517**Art Unit 3671*

28. (Currently Amended) The sea-water swimming pool of Claim 8, wherein said means for collecting and supplying deep-sea water to the swimming pool structure includes a check valve which only allows an upward flow of the deep-sea water.

29. (Currently Amended) The sea-water swimming pool of Claim 27, wherein said means for collecting and supplying deep-sea water to the swimming pool structure includes a check valve which only allows an upward flow of the deep-sea water.

30. (Withdrawn) An onshore pool, comprising:

an onshore pool structure; and

means for collecting and supplying deep-sea water to the pool structure.

31. (Withdrawn) The onshore pool of Claim 30, further comprising a fish breeding plant and means for supplying deep-sea water to the plant from drainage of the pool.

32. (Withdrawn) The onshore pool of Claim 30, further comprising a fishing pond and means for supplying deep-sea water to the pond from drainage of the pool.

33. (Withdrawn) The onshore pool of Claim 30, further comprising a hydroponic facility and means for supplying deep-sea water to the hydroponic facility from drainage of the pool.

34. (Withdrawn) An onshore accommodation facility that includes means for collecting deep-sea water and means for supplying the water to the accommodation facility.

*Serial No. 09/933,517**Art Unit 3671*

35. (Withdrawn) The onshore accommodation facility of Claim 34, further comprising a fish breeding plant and means for supplying deep-sea water to the plant from drainage of the accommodation facility.

36. (Withdrawn) The onshore accommodation facility of Claim 34, further comprising a fishing pond and means for supplying deep-sea water to the pond from drainage of the accommodation facility.

37. (Withdrawn) The onshore accommodation facility of Claim 34, further comprising a hydroponic facility and means for supplying deep-sea water to the hydroponic facility from drainage of the accommodation facility.

38. (Withdrawn) An onshore dining facility that includes means for collecting deep-sea water and means for supplying the water to the dining facility.

39. (Withdrawn) The onshore dining facility of Claim 38, further comprising a fish breeding plant and means for supplying deep-sea water to the plant from drainage of the dining facility.

40. (Withdrawn) The onshore dining facility of Claim 38, further comprising a fishing pond and means for supplying deep-sea water to the pond from drainage of the dining facility.
